DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 6/02/06 has been entered.

Election/Restrictions

Newly submitted claims 26-44 directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: An election of the lifting device was made without traverse as described in claims 1-10 on 9/06/05. Claims 11-13 drawn to a method of lifting an object were canceled. Newly submitted claims 26-44 are drawn to a method of lifting an object. "Applicant cannot file an RCE to obtain continued examination on the basis of claims that are independent and distinct from the claims previously claimed and examined as a matter of right (i.e. applicant cannot switch inventions). See 37 CFR 1.145." See MPEP § 706.07 (h) and 201.06 (d).

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 26-44 are withdrawn from consideration

Art Unit: 3652

as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even the requirement be traversed (37 CFR 1.143). In order for the amendment to comply and be considered fully responsive the claims must be directed to the elected invention.

Notice of Non-Compliance

The amendment filed on 6/02/06 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because they are drawn to a non-elected invention.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
